Mega City Scheme

1179. SHRI KAMAL MORARKA: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether it is a fact that Government have approved a mega city scheme to ease problems of urbanisation;

(b) if so, the details of the scheme; and the targets fixed thereunder;

(c) what is the mode of resource mobl-lisation for implementing the scheme;

(d) whether the Central Government would also fund the schme; and

(e) what are the drawbacks perceived for implementation?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT AND MINISTER OF STATE IN THE MINISTRY OF WATER RESOURCES (SHRI P. K. THUNGON); (a) *to* (e) A Centrally Sponsored Scheme for provision of infrastructure development in he cities of Bombay, Calcutta, Madras, Hyderabad and Bangalore has been approved in principle in the Planning Commission. The Scheme will be implemented during 8th and 9th Five Year Plans. Under the scheme various components like Housing & Land Development Water Supply and Sanitation, Transportation, Solid Waste Management etc. have been included. Pattern of funding has been envisaged in the ratio of 25 : 25 : 50 by the Central Government, State Governments and Financial Institutions. Being a new scheme involving sufficient investments the main problem in implementation may be the institutional capacity of the city authorities and agencies to formulate viable detailed schemes and implement the same within the time frame.
